

Floral Department

Our floral department area is unique to a supermarket in that we provide floral design services for all types of floral arrangements. Come visit our department and let us know your design needs, favorite flower, color, etc and we will make a unique flower arrangement for your home at a price less than most expect.

Need a dozen roses or a bouquet? Ours are flown in from South America, and delivered to our store from the Atlanta airport, thus providing great freshness. Many customers tell us that our flowers last longer than those bought elsewhere because of this freshness.

In addition to flowers we always have a great variety of arrangements and small gifts.

A floral design person is on duty 6 days a week from 10:30 until 4:30pm.

For Special Orders Please Call: 770-893-1000 ext.7
