## Friends & Neighbors,

Something happened last week that I would like to share with you. A friend of mine who has a key position in food retail called me and wanted to visit the Georgetown store. I gladly accepted the offer because he is a very talented person and I looked forward to any ideas he may have to enable us to improve the store. So last Saturday we met early morning at the store and discussed how to go about his critique, so I went to the meat department to help out and he set off in the store with notebook and pen in hand. Later in the day he approached me in the store with a big grin and excited nature. Before I could ask him why he was so animated he blurted out. "This store has the friendliest customers I have ever experienced in my 20 years in retail", and then it was my turn to smile & excitedly say "wow you don't know how happy I am to hear that because that is what I have been saying for a long time. He then recapped some of his conversation and estimated that he has visited over 200 stores in his 20 year career and I have been in the business a lot longer than that. So its hard to describe the joy I felt and how lucky I am to have been a part of the store serving Georgetown & the surrounding communities. I have never experienced communities that have fund-raisers for people in need so many times and with such great success. This may sound a bit odd but I call it my therapy to come to the store especially on weekends. I look forward to it and always love the day, tired but very satisfied. To my store associates we describe it as being similar to having your close friends & relatives shopping the store and we want to give you as good an experience as possible. It's not a job, it's like a never ending homecoming.

Thank you so much
